Number six says if you decide to answer a question now without a lawyer present, you will still have the right to stop questioning at any time until you talk to a lawyer. Yes. I understand that. Number seven says you understand what I've read to you. Yes. Okay. And number eight says having these rights in mind, you wish to talk to me now. Having these rights in mind? What does that mean? Just what we read to you. Just what we read to you. I'm talking to you now. Exactly. Yes. That's the whole point. You want to talk to us. Okay. If you just put your signature. And today's date is November 1st, really, huh? Yes. 11-1-2013. 11-1. And it's 11-20-a-m. 11-20. And we're going to sign it as well, okay? Okay. Okay. Thank you. Thank you. Thank you. Thank you. Right down at the police station. Here is some humanity here. We actually redid those buildings at Icetown. What buildings? The 94-Crowo. You guys redid them? Well, they redid them. I'm supposed to go see my mom later, so I'll go see her. And right now, I'm just typing up who you are, who we are, today's date time, okay? Then we'll start talking. Okay, well, what's your dream? Last night, oh, man, you didn't even know. I got her a Supergirl costume, a bunch of bandanas. I had to, like, draw, like, some super asses for her, like an arm bandana and shit. And she was like, well, then this is for me, and he's going to take me trick-or-treating. We took her to the rag-tag parade a couple days before. Oh, yeah. And she didn't win the contest. I was like, you know what? She's actually a bunch of little kids there. You know, no contest, who cares? She got a lot of candy. Awesome. Oh, my God. People love her. Like, she's smart. I'm telling you, her speech, her, just the whole stuttering in her words. She is smart for a three-year-old. Like, I've never seen a three-year-old that smart. Yeah, she's a cute little kid. Yeah. I saw her a couple days ago. I just, like, you know, I came to me the other day, and I'm like, you know what I'm saying? Yeah, yeah. I just said I want to scare her. Right. You know, I understand. I understand. That's why we, you know, I gave you space. I was like, you know what? I'm about to call these people. I need to talk to them. Like, I'm tired of this shit. Mm-hmm. That was definitely. And sorry, but we came the other day. He says, I didn't believe him. He says, I can't talk right now. I got to talk next week. So I said, next week? How about this week? He says, I don't know. Next Thursday. I'll call you. I'll call you. I'll call you before then. And good to go. I pulled up to my office this morning. There he was. I don't lie, man. You don't even know. When you got to do something, you got to get it done. You got to get it done. You know what I'm saying? I took my bikini from her. You got mad butterfingers. Oh, man. So the number you called me from, was it your cell phone number? Oh, no. That was my friend's number. Oh, your friend's number. My girlfriend's number, actually. That's my girlfriend's. Okay. Okay. I called you this morning from my girlfriend's phone number, right? Mm-hmm. Yeah. Okay. Okay. Okay. Okay. Okay. Okay. Okay. Okay. Okay. Okay. Okay. Okay. Okay. Hi. This is Reuben. I just called today. How you doing? Not much on business. We must go some remote. So, uh, why don't you, uh, and I got a type up so we'll try to get as much out as we can, but you said

you really need to talk to her today. Yeah, like seriously. Where do you guys want me to start? I want to go back. You know we're here talking about the homicide of a man in class. You're from Chickabee or were from Chickabee at that time? I was there for a couple months, yes. And you knew her? I met her, I didn't know her that long, but I knew of her. You know her first name? Amanda. Yep. Yeah, I just had to ask you. You know her last name to be? You said Amanda Ploss, right? I mean, you've heard the name. Yeah, I've been all over. I've been all over, yes. You saw her. I mean, you saw her. I've seen a picture of her. I've seen, I got to see the picture of her. Like, I remember her. I'm sorry, but I do. And, like, I'm willing to help these people out, whoever. No. Like, seriously. No, where did you meet her? I met her by Sammy Dollar in Fineshi in Chickabee. Okay. You know where that's at? And the center location was a liquor store and all that other stuff is. So, I seen her, you know, and she asked me if I could get some blood with that one time. And how much before did you meet her in Fineshi past? Just twice. No, I mean. How long? Did I, had I, like, known her? Known her before she was killed. Like, say, like, a week or two. Okay. Two weeks at most. So, you know her about a week or two before she got killed? Yeah. Did you guys, uh, did you guys reach her Facebook? How did you guys? I don't have a Facebook. I don't have my Facebook. I don't have email. So, when you met her. She was just walking out of Family Dollar? Yeah, she was just, she was coming out of Family Dollar with a couple bags. I, I personally, I offered my help for her. And she said no. I was like, oh, no, it's fine. It's okay. And then she comes in there. She's like, you know what? Can you pass me some weed? I was like, you know what? I can. I can. Uh. Take this number down. This is the number number I'm around. You know what I'm saying? Whatever number you guys have. You remember? Your number at the time. Ah, sheesh. This was a long time ago. I was with another girl. You know what I'm saying? Yeah. So. Who was the girl you were with back then? Crystal. I don't know her last name. That's all I know. Where did Crystal live? In Trinity. You know her apartment and where? She, we used to live on 53 Cabot Street. Right there next to Pobol. But, I don't know where she lost her apartment. She. You remember which apartment? Um. What floor? Second floor. Second floor. Oh, I know. Yeah. Let me ask you this. So. Yeah. The girl Crystal. Yes. She lived on the first floor. She lived on the second floor. She lived on the third floor. She lived on the first floor. She lived on the third floor. She lived on the third floor. Did Crystal have any kids? Yeah, she had a little boy. About two. So, the little boy was about two years old. Uh-huh. Did she live by that Cabot Package store? Uh-huh. Okay. And that's the one on the corner, right? Yeah. I feel real bad. Yeah. For not waking up sooner, you know? And. So, Chris. You're doing the right thing now. Yeah. I feel like I'm not, though. Like, seriously. You don't understand. Like, you guys are writing down, and like, I'm seeing, like, shit for me in the future. Like, this shit's crazy. No. I'm going to be hurt, man. We talked to so many people. You know, a lot of people know where. Did you live in an apartment with Crystal? Yeah. I did. Do you remember the boy's name? Mikey. Mikey was. Yeah, that's what I know. All right. I don't feel right doing this at all, but I have to do it. You don't even understand. I'm trying to save my life here, and my girlfriend,

and my girlfriend's daughter, and whoever else is my mom. Like, I've seen this guy everywhere, guys. You guys don't understand. This guy's been in Springfield. I've seen him on many occasions in Springfield. I've seen him in Westfield two times. I've seen him in Chickadee a bunch of times after that. Like, and I was like, you know, I can't deal with this. I got to go, man. Like, I feel like he was pushing me out of town, like, little by little. Everywhere I go, I see him. I was in Springfield Court not so long ago. It didn't matter. Are we talking about the guy that did this? Yeah. He's definitely going to be looking for me. Please do. Please. I don't want to be Russian, or Portuguese, or Turkish. You know, give your person. You have a triple givens number. Like, if I see him, I'm going to have to, like, ASAP call you guys. Like, I'm going to run to you guys quick. He and I both. We both live in town here. In this town? Yeah. That's good. So you call us, and we'll be here. I feel safe. I feel so much safer. You don't even understand. Let me ask you this. So, you met her that one time over at a family dollar. Yeah. You ever been to her apartment? Like, up the stairs, and that's about it. I've never stepped in her house. I've never seen the inside of her house. We smoked a bowl on the porch. That's, that's two. Just to let you guys know. The back or the front? We smoked it on the back porch. We smoked a bowl on the front. Just hung upstairs. Came back down. Packed a bowl, you know. A couple of heads on that. On a back porch? Well, coming down the back porch. So, I've been to Amanda's apartment, but I've never went inside. We smoked a bowl on her back porch. Yeah. Coming down the stairs? Mike Sounding and CP Ok I'm down anyway, you can come out here. Just tell the person you know where Amanda is, and then language here in the middle will not be. We'll come out, and it's R11. projects, don't need her projects. Went around the bag, came around the bag, did what I had to do, walked to her house, dropped it off, heard some guy arguing with her. Something about money, I don't know necessarily. Let me catch up, okay? Let me catch up, because I'm just trying to get it all. So the day of manager's kill, I went and bought her some weed. She called me and asked to bring her a bag of weed. You went to Stoney and Products? Mm-hmm. And when you got back to her house, did she give you money beforehand? No, she didn't. She wasn't the one that came to the door. She was not the one that came to the door. Like, the guy opened the door, took the bag, go. Just the back door? The back door, yeah. And I'm like, where's Amanda? She's like, she's inside, she's busy right now. And I'm like, well, okay. The guy opened the back door? Yeah. On the third floor? Yeah. He was like, she's busy right now. And I was like, well, just- What time of day do you think that was? Around 10 in the morning, maybe, I think. 11, roughly, I don't know. I really don't remember. Yeah, yeah, just close enough. I don't remember. Yeah, maybe 11, I don't know, maybe. He didn't let you go in? He didn't, I didn't, I never stepped in her house. He didn't, he just- He didn't tell you, he did that and that's it. And I went about my way. I didn't bother saying anything to the guy. The guy looked fucking suspect. Like, he looked fucking suspicious as shit. And I'm not just gonna go, like, yo, what are you doing in her house? You know what I'm saying? I don't know if she knew him or not, or if that was an acquaintance of hers. And I was like, you know what? Here, boom, went down, and

that's it. But when I came upstairs, this is where I heard something about money and drugs. And I was like, you know what- You came out the back stairs? I came out the back stairs, yes. Yeah. Dude, you heard this coming from me in this apartment. Like, I was just hitting the third floor porch. And I'm like, I'm gonna stop. I was on my ear, and I'm like, okay, I'm listening to this guy. It's like, I want my money. I didn't give you this shit for no reason. Why would you do this to me? And then I came- That was the guy's voice? Yeah. And I came in, I walked in, and I'm like, who is it? And I'm like, it's Dennis. I'm here for Amanda. And I go, I open the door, and I have this thing. It's supposed to have me. It says, this is what I like to win. That's it. I'm like, okay, whatever. Like, I'm just gonna go home. I'm not bothered with it, you know? Did she call you on your cell phone that morning? Yeah. I think so. Yeah. So the guy said something to her, like, I want my money. I didn't do this for shit. I want my money. I didn't do this for nothing. For nothing? Right. I'm just scared of him. It's just not cool. Like, I've been away for two years, and now this shit comes up. And I'm trying to save my life here. Like, I'm not trying to be running or nothing. Did you hear her voice? No, I didn't. I didn't hear nothing. I'm gonna ask you for a description of the gentleman. Mm-hm. Did you get on with him? Necessarily, I can give you a rough description, like, of what I know. What are you gonna do? So describe him to me. All right. He's like. I say. What do you say that is? Let me cut the thing up, basically. I saw it. I'm six feet. So what do you think? Five, ten, maybe. Guy's like five, ten? He's taller than you. Taller than me. You can say it. Yeah. He has, like, dirty, blondish hair. Once again, your haircut. Just like that. A haircut that doesn't look like you guys, I'm sorry to say. Doesn't have no tie, but a clean cut guy. No mustache. Eyebrows are, like, bushy-ish. Would you say white? Yeah, he's white. He's white. I don't know if he's white. I know he's white. He's a guy with a white skin, obviously. But I don't know if he's Polish, Russian. He has blue eyes. So he's obviously white. You know what I'm saying? So I can give a racial description to him. Um, say he weighs, like, about 170, 190 at most. Almost 200 pounds. Mm-hm. Okay. Um. That's about it. That's all I know right now. When you went there, were you alone? No, I was with my friend, like, once again, Isaiah Kenny. I was on the way for me. Went to where they drove somebody, and I said, Isaiah Kenny. Okay. Where were you waiting for him? Yeah. He was way down in front. You guys have a foot, car? How about? I'm scared to drive. I don't know. I got hit by a car. You see my start, man. Yeah. Scared to drive. Mm-mm. Head's tied. Yeah, that's true. You still hang on with Isaiah? I haven't changed or nothing. Mm-hmm. I left Chicopee and then I was homeless for a little bit. I went to Sprintville Shelter. Found one of my friends from Chicopee. He invited me out here to West Coast. I was like, you know, I'm moving out here to West Coast with you. Seems kind of nice and quiet. I was like, whatever. Stood here and then I moved next door to him, to one of my boy's house, to stay there for a couple days. Then I met this girl at the bar one time, you know, and then she like took a liking to me. And then like a month and a half, four, two months after, she was like, well, you want to go live with me since you don't have nowhere to stay? And I was like, you know what? That'd be good. Like, we're already talking, you

know, like, she'll be good for us. Yeah, it's fun to go back on to. We'll get that. But I just want to go back on to that day that this all was going on. So you're upstairs and you hear this going on. You didn't hear her voice at all though, huh? I didn't hear her. I didn't hear her responding or nothing. What do you think the guy was wearing that day? You remember? I actually, I do. Some corduroys, some like corduroy pants, but they're not like corduroy. They look like they got the lines on them, but they're not corduroys. They're like, I say they were like the off gray, off black, like they were old, old pants. Some dirty boots. And a wine drink, wine drink and drive. And you can smoke and fly. Sure. That's all I remember from the guy. Like, seriously. Wine, kick and drive and you can smoke and fly. That's nice. So, wine, drink and drive and you can smoke and fly. Yeah. T-shirt. Yep. T-shirt. Pretty hot day though. It was a pretty hot day that day. It was summer. I remember. It was summer. Why you wearing those suits? Why you wearing long pants? You know what I'm saying? Yeah. Are you sure this is the day that she was killed? I think so, yeah. Like, I don't know why I was asking me giving her the bag of weed. Yeah. I heard sirens all over the fucking place and I'm like, okay, what's going on? So, me and my girlfriend, we're on the street. We just go to the park, walk by and we're like, oh shit, there's a fucking crime scene there. Like. So, it was the same day. Yeah, it was. It was. And I was there and I was telling my girlfriend like, yo, like, I just dropped this drug and I haven't weed. Like, what's going on? You know what I'm saying? She was like, I don't know. It was. She doesn't even know what's going on. She had just came out of work and I was like. So, I know it was the same day that she got killed. Yeah. Because later you were with your girlfriend? Mm-hmm. She came out of work depressed, right? Yeah. What's the price rate? Uh, I'll get you that right. Sorry, is that by the Family Dollar? That price rate? No. Mm-hmm. One more time. Okay, okay. Is that bridge bag up? Mm-hmm. They haven't put the bridge up yet? Which one? The one by. Sir? Yeah. That's all. Oh, that's what's up. Yeah. Sheesh. So when you got home you heard those sirens? Yeah. Do you think it was a couple hours later? Like, I don't know, a couple hours maybe. I just want to know if you guys are going to help me watch my back. Like, seriously. Like, from all in all, like, I don't want to be, listen, excuse me, I'm sorry, but from all in all I don't want to be hunted down by some people or some guy that knows a bunch of people. I don't know who he knows, I'm sorry, but I don't just want to be hunted down by somebody, you know what I'm saying? It's not cool. When you, uh, so you told Crystal that you had just sold the girl some weed? Yeah. She met the girl too, though. Crystal, my ex-girlfriend, met the girl too. The guy don't know her. The guy don't know her, but the girl, she met the girl too. Yeah, so I don't think I knew what I'm saying, and. Did you ever take Crystal by Amanda's apartment? No. Never. She met the man on the street, I, once again, I sold her the weed on the street, you know what I'm saying, whatever it was, I gave her some weed, and that's when they came to me telling us about it. So Crystal met Amanda before, uh, like a week before? Yeah. On what street, you know? Uh, I don't know, Exchange Street. Exchange Street? That's a little bit. Okay. Yeah. It depends on what street it's on. Exchange? That's in Chicopee, right? It is in Chicopee. Okay, so

it's like right there, the plaza and you know, that's... Yeah. Yep. But it wasn't the main street? Yeah. No. Okay. No, no, no, no, no. You know what street that is? Uh, the school street? Yeah. Yeah. So you're talking about one that's parallel to it. Um, yeah, with the plaza. Yes, yes. No, no, no, no. So, uh, Chris, I met Amanda before, about a week before, and I exchanged you when I saw Amanda at some weed by the plaza, right? Mm-hmm. Was the little child with you guys then? Uh, yes. It's Mikey, right? Yeah. Okay. So, uh, did Amanda ever confront you about somebody breaking in or ever tell you about somebody breaking into her place? No. No. Yeah, no, no. Dennis, when you, uh, went there that day, that you was killed to deliver that weed with, uh, your friend Isaiah? Yes. Which way did you guys come from? You were going to the plaza? Yeah. And you were coming from the school? We were coming from the projects, the back of the projects. All right. Which, which, uh, on School Street, how would you approach the house? Like what? From the park. From the park, okay. Yeah. And when you left your house, which way did you leave? Same way. Okay. Yeah. All right. Straight through the park, right, cut through the street, right in front of the park, go straight up, up to the back of the projects. So you just went down the street, the sidewalk? Yeah. Okay. So when me and Isaiah went to Amanda's house, we came in from the park directly, and we went to the back of the projects. Okay. So you were coming from the school? Yeah. So you were coming from the school? Yeah, we were. And you were going to the park, correct? Yeah. And you were coming from the park, right? Yeah. And you were walking? Yeah. Okay. So you were walking? Mm-hmm . So you walked there, right? Mm-hmm . You said because you don't drive. No, I don't drive. Mm-hmm . See this car? I got a fucking tag-riding car and went right through the front of the windshield, and mm-hmm . You didn't walk here. I didn't see it. Oh. Yo, a couple more inches. Oh, shit. My stem would have been gone. Oh, shit. What happened? Uh, I don't know. I did not see it. Oh, sure. My family would have been gone. Would have been gone, dude. When she called you that morning, did you go right away? Like, did she call you? Did you go right? No, I waited, like, because I was waiting for my friend to bring me. He's like, I'm waiting for her probably. He's like, I'm waiting on that. And I'm like, you know what? I'll wait for you. You know what I'm saying? Right. You know? So basically, she called you. You called him. And then you guys hooked up. Yeah. Yeah. Okay. So Amanda called you. Called you. That's when you hooked up with Isaiah? Mm-hmm. What was Isaiah like? This kid's around. He's around. I mean, what did, back then? I don't, this kid was around, like, he was around projects. Fuck him. Okay. He was in the projects. He was in the center, in the falls. He was everywhere. Wherever he could stay was where he, he crashed in my house. Crashed my house. I gave him a pair of underwears. I gave him a pair of socks. He ate all my food in the house. I was like, nah, I can't have this kid here. Mm-hmm. That's when you hooked up with him? Yeah. Okay. How old is he? He's like, well, 21 or 23, 24, I don't know. Yeah. White kid? He's black and white. Okay. Actually. I mean, did you have more than one phone? Or did you just have one phone? Do I have? Back then. Back then, I only had one phone. That's all I had. I mean, I really don't have a phone myself, period. Like, I just use

people's phones, you know. It's hard to get a job nowadays, like, you don't even know. Back when? Yeah, so I'll say this real quickly. All right. Just so don't lose all the time. All right. All right. All right. All right. All right. All right. All right. All right. All right. All right. All right. All right. All right. All right. All right. All right. All right. All right. I have my girlfriend waiting upstairs. How long is it? A little bit longer? Just a little bit. Yeah. I don't want her to get an empty arm. I know. Touch me out. I'll be like, yo. You want to tell her something right back? She's waiting for me. Like, she, we have to go do something right now. Okay. So I feel like. We'll try to be quick. I woke up this morning. I was like, yo, I gotta call this guy. Like. Yeah. Yeah. Yeah. get into that afterwards about do you think that person is so I say to say it's life away he's about 20 years old 20 right now it's like 23 24 maybe most he didn't have a party no what's up I'm just thinking I'm trying to look back today the day that she was killed you want to come back the stairs do you remember anything you know what you're wearing that day yeah blue jeans and a white shirt you like my back for G remember seeing that you can take back because you have a back sense have you I mean that's it should be since forever that girl broke up with me no but I mean as far as like a man this school street house you never went back there you heard what obviously it happens yeah I heard it happened but I was late I didn't say anything did you ever try to call her after after that you deliver the weed one time deliver we just go here and so good that's it but how are we gonna get paid for the weed it wasn't my lead I had my coverage it that's all I had I had a play oh the guy took the lead you know open the door took the lead and that's it no but what you mean you're gonna pay someone no it's supposed to be free for her like I was covering it why would you do that because I'm a nice person like you know I'm saying I don't just I still live out for people I don't fucking meet people down in the valve wanting to smoke you know I'm saying no I mean she said if I could get it you know I can get it you know what I'm saying I'm gonna get it for you like I'm not just gonna leave you down there about what I'll pass it nobody I mean she had a job she could easily pay for it oh yeah yeah I know she you guys were telling me she worked at friendly's yeah the other day you know I really don't know officer like the guy took the bag that's it and I left like well I know how much would that cost 50 bucks all right really no 10. so you wasn't charging for the weed no I wasn't I wasn't charging nothing I wasn't it was free you know what I'm saying on my behalf like I'm gonna they looked out for her you know what I'm saying like she's a nice girl I'm gonna help her I'm not gonna leave so once again somebody's out and about one of the most stressful day straight on their weed and that's it how many times previously did you get weed for her like three times and those other three times she met me on the street did you cheat your office and give you some money no no free dude I am a nice guy don't understand how do you afford to give up free weed I do favors for people uh I clean their house I'll go wash their car and you know what I'm saying I'll take all their trash to their house so be done like that mean I don't know that's about it like I don't I don't buy nothing for myself I just help people to get my shit

you know what I'm saying I mean do you get I'm just curious do you get free weed off to anyone else you know well two people that's about it an old man and some older lady that works at some store there but again yeah I don't want to fuck her up last so the week was pretty hard because she was kind of stressed out yeah I mean she was begging me to get it for her like you're He's got me this. Like, I really need a scold. Like, you know, and I was like, okay. I'm just probably a little odd that, you know, I'm like, all right, I think I'll get you married. Fifteen bucks or ten bucks. Yeah. I mean, she's eating my shit. But if the guy came to the door and didn't hand me shit, I was just going to keep going about my way. You know what I'm saying? Like, I told her it was going to be free. You know what I'm saying? Like, that day I met her and I came out and I paid her a dollar. Like, yo, it's going to be free. Don't worry about it. Like, whatever's, it's just my profit. Whatever's my weed is my weed and I give it away for free. You know what I'm saying? Like, I give it away for free. That's how I am. I'm a nice fucking nice guy. Like, if you guys see me, you guys are going to smoke it. You're supposed to smoke it for free. Weed. Don't smoke a joint with me, man. Fuck it. You know what I'm saying? I don't give a fuck. Like, it doesn't really matter. It's fucking weed. Weed is not fucking, you know what I'm saying? I smoke it. I smoke a hell of it. I smoke it every day. You know what I'm saying? So. So. So. Let me ask you this. When you left, did you leave out the back way? Yeah, I came into the back. Yeah. Yeah. I'll be a slave. I'm going to come into the back. I know if you went inside, they have a hallway. They have a hallway there. So. Now, when the guy opened up the door, did he open up like the, the, because he had a door for the hallway. Did he open up those back steps? He opened one door and there's two apartments. Left, right. First and the last. So, did the guy come out of the apartment or did he come out the back door? I don't mind that. Just. The back door. Just the back door. From the porch. Like. You know. Yeah. And then when you go into that door of her apartment. I didn't. I didn't step in. I didn't step in that far to see anything. So, you actually knocked on that back door even though it wasn't her apartment door? No. I knocked pretty loud. I knocked pretty damn loud. On the window or the door? The. The fucking screen. Yeah. And then I opened it and then I knocked on the glass door. Waited ten minutes. Once again, like I said, I heard that conversation. I was waiting for somebody to come out. I was knocking pretty loud. Yeah. And other than that, I was like, yo, Amanda Sweet's here, you know. Yeah. So. There you go. So, you knocked pretty loud and heard that conversation. Mm-hmm. So, you knew something was going on. Yeah. I definitely. I kind of figured something was going on. But I was like, I'm not just going to get into somebody's business without, you know, just like interrupting their conversation or something. Or say they're like doing a drug transaction or something. Like. You know what I'm saying? Unless the drug dealers are ready to sketch you. Like. I don't know what to say. Mm-hmm. And to you, he kind of looked like a drug dealer? Yeah. Mm-hmm. Why drink it and why, what was it again? What was it? If you said, why drink and drive when you can smoke a club? Yeah. Fucking man. No. I've never seen that saying. No. Where you guys? Spencer's? Yeah. Spencer's. I know that's what I'm holding them all. Yeah.

All right. I'm going to fuck you up. I'm going to drug you up. All right. Or those shirts that say lumber trees. I mean, the hats that say lumber trees. Like lumber trees. You know what I'm saying? You get it? I don't give a shit. You know what lumbering is? Yeah. All right. Weed. Yeah. Lumber. Trees. Trees is weed. Yeah. All of it. No. Yeah. It's the hats. It's the other thing in Spencer's. So you never actually saw that day. You just knew she was in there. Yeah. Yeah. She just told me to come there. Yo, I'm going to be there. And just knock on my door. If I don't hear you, I'm probably in the shower or something. I was knocking and knocking and knocking. Ten minutes after I opened the door, not me, but the guy opened the door. I grabbed the door. The guy came out. I was like, yo. Yeah. Here. I gave it to him and that's it. You know what I'm saying? Yeah. Like my shoes? Yeah. Nike's. Air Max. Yeah. Yeah. Kids, that's all I want. Mm-hmm. Everyone wants to be like Mike. You know? No. Not everybody. LeBron James wants to be like Michael Jordan. Well, I don't know. I don't know. It's a touchy subject. I know. Kobe. Kobe's the only guy in Kobe that I would say. Kobe? That's why Michael Jordan came out a couple weeks ago. Oh, man. I didn't know that. Now, you said you never went in the apartment. Yeah. So, I'm just curious. When you're in the outside apartment, we did some evidence stuff on the outside apartment. So, obviously, you went to the third floor, but you never went inside. Right. So, I mean, we did some stuff like sneaker prints and stuff like that. Yeah. So, you were probably dead dead. Your sneaker prints were probably on the outside. Now, what shoes do you wear? Seven and a half. Okay. Six and a half. Most. How long have you had those sneakers? I've had these about a year already. You know, I want to do is just to, you know, it's easier because do they have a size on the bottom ones? No. Okay. I'd be interested in just taking a picture of it just to show you a suicide. I didn't want to. Sure. Maybe we'll put something next to it to kind of gauge. You want to see if they have a ruler or anything? Sure. Okay. And that way we can sell. Let's see the size. Yeah. Sorry. So, I wear a size seven and a half? Seven to seven and a half, yeah. Seven to seven and a half. Those are kind of usually get like that air max like that or whatever. No, I get Nike's. I get Lopers. I get Vans, you know, Moccasins or Moccans, however you say it. It's about that. Nike's or Vans. Mm-hmm. Those are your two favorite types? No. No, they're just shoes. They're just shoes. You wear them and you get them down and that's it. That's it, huh? I don't know why people try to keep their shoes in good condition. Like, pointless. If you end up walking, you're going to stop them no matter what. You know what I'm saying? Look at Dirk's shoes. Look at his shoes. Those are Dirk's shoes. Dirk's shoes are supposed to be nice. You know what I'm saying? Nice to pick a fan for working them. Yeah. Yeah. All right. Honestly, this is all I know. That's it. That's all about it. Everything I know and I can't say no more, no less. That's what I'm saying. So, really, I'm sorry, guys. I'm actually helping you guys. Oh, you're very helpful. Because you know what? Not too many people have told us that they saw the guy there, you know? So, you're aces with me, you know? I just want to be protected and not fucking hurt or anything. You know what I'm saying? Nobody fucking comes to me down. Or I don't want those guys to come fucking see me around town and be like, yo, I seen

you at the police station. So, you said, you said, I know when we first came here, you were saying you were scared. Because the other day, when you saw me, you saw the guy. You saw the guy, too, huh? Yeah. Like, you guys were in front of my house. Like, I haven't seen this guy for like three and a half weeks almost. Since I, like, fucking went to my doctor. I went to my doctor's appointment for my fucking hand and shit. I broke my hand, too. Once again, that's another story. I went to my doctor's appointment. I went to go get fucking some papers for my doctor for exercise and stuff. And for disability. And I'm walking down the street. And I see a black Cadillac. And I'm looking at the Cadillac. And the guy's just driving next to me. Like, he's just driving real slow. Like, I'm like, okay. Like, I'm walking faster. And I'm walking faster. And the guy's getting behind me. And then he just drives off. You know what I'm saying? Like, I don't know what to do in that situation. I don't know who to go to or run to. You know what I'm saying? So, let me ask you this. So, the other day when you guys were in front of my house. That's us. I saw that dude. Yeah. And you hadn't seen him for like three weeks? Yeah. And that's the dude that was at Amanda's place. Right. Hi. Hi. Hi. Hi. Hi. Hi. Hi. Hi. Hi. Hi. Hi. Hi. Hi. Hi. Hey, Gary. Yes, sir. Do you mind doing me one favor? Yeah. The trunk of my car is my good camera. Do you mind getting the money? Sure. It's in that gray box. Like all the camera equipment there? It's in the trunk. Thank you. Do you have a proper? Yeah, I'm right on the corner there. Gotcha. The crown bane. So, the dude that was at Amanda's house. Let me see that top. That's what I think. Was here in Westfield. Yeah. I've seen him once or a couple times. I've seen him in Chigabee. I've seen him in Springfield. I've seen him by the shelter. So when we saw you outside, I went ghost. I went ghost and I seen the guy and then you guys are cops like in front of me. And then the guy's driving by, you know what I'm saying? And I got three fucking males coming to approach me and all you see is badges and guns. Like, you know what I'm saying? Like, I went ghost too. I felt like this guy was going to come get me a couple hours after or something. And then I didn't see him after that. He disappeared. Then like after, before the three weeks, I see them and actually when I got out of jail because I had some more opportunity for, I don't know what it was, for a fine or something. So I came out, listen, I came out with the Holy, I went to the Holy Mall with my girlfriend, my current girlfriend. And like we're shopping, she's in the dressing room. I see this guy and I'm like, I'm like, yo. Like, what the fuck? What the fuck? My girl's taking dumb long. I want to leave, yo. I want to fucking leave. Like, I don't want to be here no more. You know what I'm saying? And then she was like, well, you need to wait. I'm going to get you dressed. You know what I'm saying? And I'm like, yo, hurry up. I don't want to be here. I'm panicking. I feel like someone's about to kill me, yo. Like, this shit ain't cool. And she was like, stop panicking. Why are you even, like, I'm here. Don't worry about it. I'm not going to let something happen to you. I'm like, babe, nothing's going to happen to me. Like, you don't understand. Like, I feel like I'm being watched by everybody here. You know what I'm saying? So the day we saw you. Right. And you're looking at us, and we're approaching you. Remember when I dropped that cigarette? Yeah, you dropped it too. Yeah, yeah. I fucking seen the

ghost of my life. Like, my life flashed right before my eyes when I seen that guy. I'm like, ooh. And then that's why I tried to schedule a part of the time, but then I called you earlier because, you know, I'm not going to just sit here and wait until next Thursday because it's no point. Who was the guy at? Was he on the corner in the car? I've been live. At the light, actually. At the light. Was he in a car? Yeah. Black Cadillac. In the driver's seat. So, uh, let me see. Remember when I dropped that cigarette and went and ghosted him? Because I seen him. He was there at, at, he was at the corner in the black Cadillac, right? Uh, yeah. Yeah. Jerry? Yeah. Just to kinda. He says, when he flipped the cigarette there. Remember when you see me? No. No. When I dropped the cigarette. You dropped the cigarette? Yeah. That's when you saw the guy. . And was it a Cadillac sedan or was it an SUV? Uh, black Cadillac. It's a car. Corridor. It's just that I'm playing different cars with silver Nissan. So it's a black Cadillac. Uh, Hyundai Sonata. Uh, uh, uh. Uh, uh. not a... Was he looking at you? He looks at me all the time, sir. All the damn time. There's tension. There's a lot of tension in between that look. And you were feeling this pretty much since the day she was killed, right? There's pressure on you? You don't understand, like... Yeah. I've seen this guy fucking everywhere and there's no fucking way where I can go and I cannot see this guy. And you said you went in the first time, like right after she died? Right after she died, I just... So you've seen the guy? Yeah, I guess. Yeah, I just saw him. I just saw him. I just saw him. I just saw him. I just saw him. I just saw him. I just saw him. I just saw him. I just saw him. Right after she died, I just... So you saw the guy? Yeah, I guess. Yeah. That's when I started seeing the guy, like... Crystal was like, yo, I ain't using your fucking phone. You ain't got enough money for me no more? Get the fuck out. Like, I'm done with you. And then after that, I was like, yo, I got nowhere to go. Like, you know what I'm saying? I'm a dum-piss. And I see the guy that did the chickpea. I see him in Springfield Shelter. By the Springfield Shelter, by the police station actually. That's where the shelter's at. I seen him in Westfield, on the bus. I just saw him. I just saw him. I just saw him. That's where the shelter's at. I've seen them in Westfield. On the bus routes, like me going to the bus terminal and going by a couple things and hop on the bus. Like I've seen them there too. And I don't know what to do, guys. But I'm just terrified for my life. This is all I know, you know what I'm saying? I don't know no more, no less. We appreciate it. I'm helping you guys to the fullest extent. I'm trying as hard as I can, you know. Like I said, when you leave today, you're going to have our numbers to call us. Oh, I see them. Absolutely. You got my number. I know you. I think you got my number. You've been blowing up my phone. I think you got my number. You didn't even know. I don't want to lose people I love. You don't understand. I'm going to get fired. Especially if I know something. I'm just looking at some things with the back of my hand. Going back to Amanda. So, you guys, you've never had an apartment? I've never stepped in her apartment. She's never let me step in her apartment. I'm sorry. And, I mean, did you guys ever fool around? No. All right. She has a boyfriend, obviously. I think she told me. All right. I don't know. I don't know. But you guys never, like... I never kissed her. I never touched her. I never nothing. So,

the only thing you did was hand her a bag of marijuana? Outside. When was the last time, previously to the day she was killed, that you came in contact with her? How many days do you think it was? I don't remember. I have no recollection of that. I have no... I don't remember. What did you think the day before? No. Like how many? No. Like, I met her. I met her. I met her. And it took her like a week to call me. Probably the most. She didn't ask me for weed and shit. You know? All right. Like... And you... The other times that you gave her weed, was it at the house? No. She said it was in the road. That was the first time you were at the house? Yeah. First time I was ever at the house. You were playing robot. First time I ever stood there. Yeah. Did she... Did she... That was the first time you were at that house? First time I ever seen the back of her house or anything. And how did you know where she lived? She told you? She was... Yeah. I live on School Street. The number. I don't remember the number. I was... Yeah. Yeah. She was under where she lived. All right. All right. Is that one of the issues? Yeah, that's it. That's it. Yeah. This is the... This is a roll over. Take it. Well, I think that's it. Let's do whatever you want to do. Yeah. Yeah. Just in case I missed it. Was that... You said that was the only time she ever actually called you? No. To get her weed? She called me... Like I said. She called me the first time. And then it took her like a week. A week to call me. And then I... The first time I seen her... I seen her on the road in the family dollar. Gave her my number. She called me. That's about it. How many times do you think she actually called you to run around? Three times. Three times. The most. Three times. Can you ask... I'm just going to look at your shoe. Can you take off one for me? No. I'll put it down here. What's the rule there? I'll do the other shoe as well. That way I can see the size. You might get some glare off the metal. Yeah. Thank you. Thank you. Can I see your other shoe? Hey, both my shoes did. Yeah. Good luck. My feet stink. I'm sorry. That's alright. The rain got the shoe, you know. I'm sorry. I'm sorry. Sorry. I got so many pictures of shoes. I got to take a picture of you because that shows you my shoes. Can you take your hat off for me? Maybe a side profile too. Can you sign the shoe? Yeah. Can you sign the shoe? Can you sign the shoe? And you say you never, ever went into our house. Never, yeah. And like I said, one of the important things about your shoes is because we process the inside and the outside department. So I believe your shoe is probably one of those shoes that came up to you and you had to find that. What I want to do is, what shouldn't be there is any kind of evidence inside the department. We basically try to identify anybody that came inside the department. So the only thing to do is just do like a slide exam, okay? So, I think I have a, didn't you guys pick the cigarette off me anyways? Yeah, we did, but that doesn't, that doesn't, that's not like a saliva sample. Like I think you guys pretty much took up the cigarette and I don't hear you. You know, you better investigate me no matter what. Yeah. Chase is ruthless. Yeah, I'll tell you. I have everything else. I might have some gloves here. I got some. Don't worry about it. Is that the last thing we got to do? Yeah, yeah. Then you're gone. You gotta go, man. Oh, yeah. I got my girlfriend waiting for over an hour. No. We're going to be gone. Glad he's proper, you know what I'm saying? I'm not even going to. And like I said, you got to call us

when that guy. When you see him. Yeah. Because I'm in Westville. I'll be like, we'll go for a hot minute. Either he's always here or I'm always here, you know, I'm on the phone. Because if that, if that's going to kill us, then we want to. And you don't need him around, right? I don't need him around. You know what I'm saying? I don't want to, I don't want to get hurt. Okay. And you make an industry phone call and boom.
